Catalog Addendum: (List the detailed changes to the catalog, i.e. updated curriculum grid, updated tuition or fee, updated policy, etc)

One of the goals of the School of Nursing is to be transparent and to equip interested applicants with information to make informed decisions regarding their educational choices. We want to set students up for success. Although students can enter the program directly from high school, due to the intensity of this very demanding program, the average high school student would benefit from taking some college classes prior to entrance. This would provide the opportunity to refine study skills and test taking abilities, acclimate to the college environment, and transfer credit for at least some of the college courses that are part of our curriculum.

The above information replaces, supplements, or updates the corresponding section(s) of the 2023-2024 Catalog on page(s) (list the page number(s) to which the addendum specifically applies)
